Simple Solutions For Busy Moms

Homemade Cleaners For Every Room

Bathroom Cleaner

3/4 c. baking soda
1/4 c. lemon Juice
3 tablespoons salt
3 tablespoons liquid dishwashing soap
1/2 cup vinegar
10 drops essential oil (optional)

Mix all ingredients together in a bowl to make a paste. Use scrub brush to apply to all bathroom surfaces (tub, shower, sink) Rinse well with water and a wet rag, then dry with a clean rag or old towel.

**Be sure to test a small area to make sure paste does not scuff tub surface; if so, eliminate the salt from the mixture.

Toilet Bowl Cleaner

1 c baking soda
1 c vinegar

Turn off flow valve to toilet, then flush until water is drained. Pour in baking soda, then slowly pour in vinegar (be sure to cover the whole bowl.) Use a toilet brush to scrub surface and remove any rings or stains. Turn water back on and flush until the mixture is removed.

Glass Cleaner

1 1/2 c vinegar
1 1/2 c water

Mix vinegar and water into a spray bottle.. Spray on glass and use a squeegee, paper towel or rag, or a lint-free rag to get a streak-free shine. Can be used on glass, countertops, sink fixtures, etc.

All-Purpose Cleaning Spray

1 tbsp borax
1 tbsp washing soda
1 tsp dishwashing soap
1 c vinegar
4 cups hot water

Whisk all ingredients together, then pour into spray bottle. Spray on surface and then wipe clean with a damp cloth.

Stainless Steel Cleaner

2 tbsp baking soda
1/2 c vinegar
2 c warm water
Add baking soda then vinegar in a spray bottle. The mixture will foam. Once the mixture stops bubbling, put on the cap and spray stainless steel surface. Wipe clean and dry with a rag.

Furniture Polish

3/4 c olive oil
4 tbsp lemon juice
1 tbsp vinegar

Dampen a rag and squeeze out excess water. Dip the rag into furniture polish, then wipe on surface of furniture. Buff off with a dry towel.

Floor Cleaner

1 c vinegar
1/2 c baking soda
8-10 c hot water
1 tbsp borax
1 tbsp washing soda

Mix vinegar and baking soda together in a bucket and add hot water, borax, washing soda, and mix until all powder is dissolved. Use a mop to wipe down floor. Wipe dry with clean dry towel.
